MANAGEMENT SUMMARY

Further strategic progress in 2021 paving the way for growth in 2022 with strong orderbook and leveraging our System Innovator strategy

Health & Safety

- Coronavirus impacted every aspect of our personal & professional lives
- Continued strong focus on safe work environments
- Continued to build trust with our customers without business interruptions

Strategic progress

- System Innovator strategy successfully further deployed with increasing customer demand
- Good progress on our global OneNeways transformation
- Welcomed Infestos as shareholder, enhancing stability and further accelerating transformation

Performance vs. last year (LY)

- Revenues in line with LY - discontinued low added-value customers and mitigated continuing global supply chain challenges
- Strong increase profitability - GM 39.2% (vs. 36.7% LY); normalised EBIT 3.1% (vs. 1.7% LY)
- Strongly positioned for further growth - order intake up 47%, order book EoY up 62% vs. LY

2021 Net turnover and orderbook

Net turnover (€ millions)

Order book end of period (€ millions)

Net turnover – 2021 vs 2020

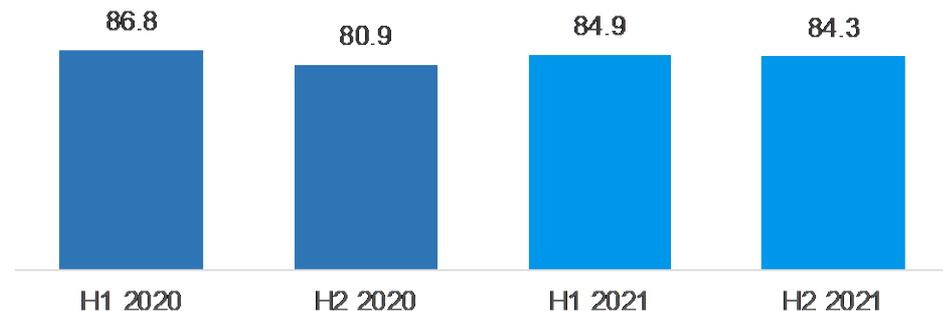

- Y-o-Y organic net turnover decline of 1.9%, primarily driven by discontinued unprofitable customers
- Growth in net turnover affected by global supply chain challenges
- Segment y-o-y growth:
 - Automotive : -7.0%
 - Industrial : -9.2%
 - Medical : -5.1%
 - Semiconductors : +11.5%

Order book – 2021 vs 2020

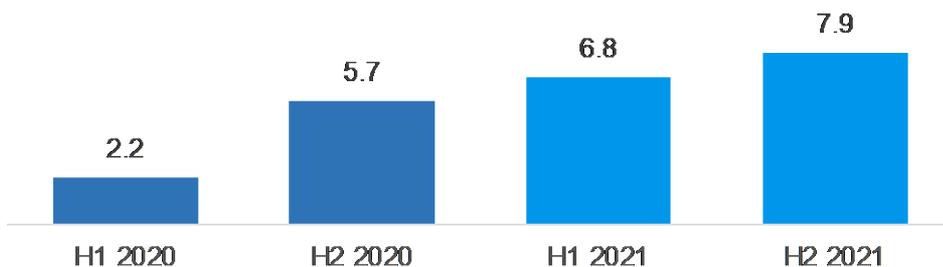

- Order book +/+61.9% y-o-y primarily driven by recovery in Automotive and continued strong demand in Semiconductor
- Book-to-bill 1.31 vs 0.87 last year

2021 Opex and operating result trends

Opex (€ millions)

Normalised EBIT* (€ millions)

* 2021: Excl PPA effect (€ 0.7m), advisory cost public offers (€ 1.6m) and release reorganization provision (€ -/0,2m);
2020: Excl PPA effect (€ 0.7m) and reorganization charge (€ 9.6m). The PPA is related to take over BuS Groep in 2014.

Opex 2021 vs 2020

- Operational costs increased with 0.9%, relative increase from 35.0% to 36.0% of net turnover
- The operational costs are excluding € 1.6m advisory costs related to public offers and € 0.2m release of reorganization provision
- Salary costs increased by 2.0% to € 130.1m, the streamlining of the organisation in Germany and the integration of two branches in the Netherlands are completed in 1st half of 2021 and have led to reduction of 170 FTE
- In order to fulfil the strong customer demand it was decided to build up capacity in specific areas with fixed and temporary contracts. On balance the number of FTE vs ultimo 2020 remained largely unchanged

Normalised EBIT* 2021 vs 2020

- Normalised EBIT* 2021 increases with 86.1% to €14.7m, primarily resulting from focus on profitable turnover, which is an operational margin of 3.1% of net turnover vs 1.7% in 2020.

2021 Financial condition

Net working capital (€ millions)

* 2021: Excl advisory cost public offers (€ 1.6m) and release reorganization provision (€ -/-0.2m);
2020: Excl reorganization charge (€ 9.6m).

2021 vs 2020

- Net debt / normalised EBITDA* ratio development as a result of increased net debt position (incl IFRS 16) of €68.4m vs €33.5m last year, partly offset by the increased EBITDA (incl IFRS 15/16) € 27.5 m vs € 21.7m in 2020
- Net debt increase caused by increased inventories, the payment in 2021 of tax extension for an amount of € 8.8m and the utilization of the restructuring provision (€ 6.7m)
- Solvency decreased to 37.7% as result of increase total balance sheet from € 234.2m to € 296.3m fully due to significant increase in working capital balance
- Equity increased by 9.6% to € 111.8m vs € 102.0m fully related to the net income
- Working capital strongly impacted by € 58.6m increased inventories, debtors following higher sales towards end of year, partly offset by increased creditors position

Q1 2022 key figures

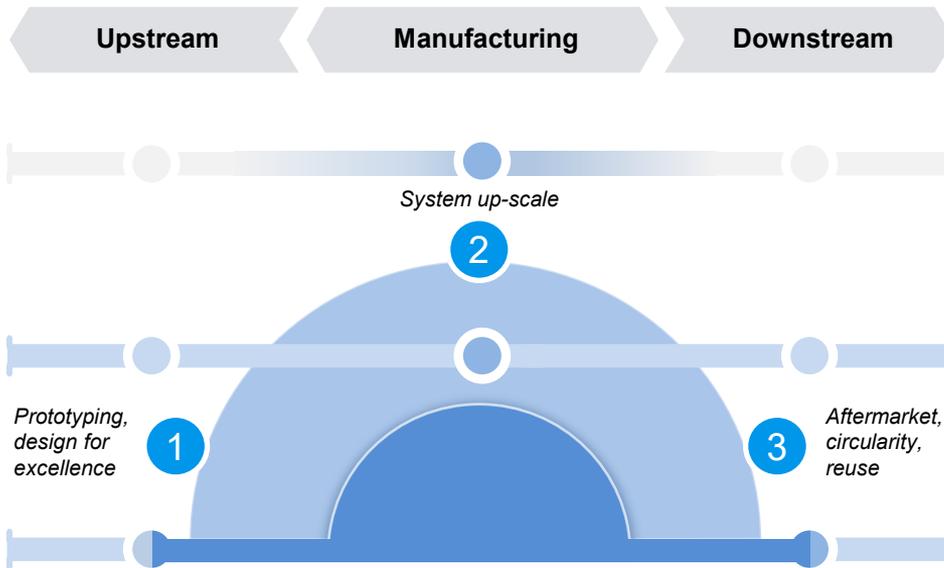

(€ millions)

- Net turnover of € 134.2 million in Q1 2022
 - An increase of 12.4% from Q1 2021 (€ 119.3 million) and an increase of 12.1% from Q4 2021 (€ 119.7 million), driven by strong demand in all sectors
- Order intake of € 181.3 million in Q1 2022
 - An increase of 7.7% from Q1 2021 (€ 168.4 million) and an increase of 39.0% from Q4 2021 (€ 130.4 million).

STRATEGIC PROGRESS

Our System Innovator strategy is gaining increasing customer traction

Selected customer examples

- 1 Accelerating e-turbo charger roadmap

- 2 System up-scaling highly complex cabinets

- 3 Extending lifetime of medical equipment

Transformation fully underway to ensure that we are taking the right steps while building the fundament for OneNeways

Management agenda with 2022 priorities: 'Growing performance as One'

Key take aways

1 Our starting position for 2022 is strong: solid Q1 results and healthy outlook to transition our strong orderbook into revenue growth and further increase our profitability in 2022 and the years to come

2 At the same time, ongoing disruptions in the supply chain, high energy costs and price increases for electronic components are expected to have a dampening effect on the development of our turnover and/or results in 2022

3 Increasing customer demand for our System Innovator solutions – We will continue to invest in distinctive innovative technology, such as in the field of energy transition, medical applications and semicon solutions

4 Supported by our new shareholder Infestos we will further increase focus on our System Innovator strategy and accelerate our OneNeways transformation to create a strong global fundament for future success
